

RIVERSIDE MUSEUM

Amaze your guest as you host your event at the award winning Riverside Museum. Located on the banks of the River Clyde the museum was designed by world renowned architect Zaha Hadid. This masterpiece of modern design plays homage to the city's relationship with shipbuilding and fittingly is home to the world famous Tall Ship.

Behind the magnificent façade your guests can experience a piece of Glasgow's rich and fascinating heritage through the interactive displays, as they take a walk through the historic Glasgow streets and visit the shops and bars of bygone years.

Guests can interact with the 3,000 plus objects on display, from skateboards to locomotives, paintings to prams and cars to stormtroopers. Transform our historic street, bars and shops into a fully interactive event space, with branded beers, whiskies and sweets. You can fully personalise your event from bespoke lighting and styling, corporate branding down to the integration of our artefacts with your event theming.

What's more, when you host your event at any of our venues you will be directly investing in both the heritage and future of our museums, ensuring that visitors can enjoy them for years to come.

Speak to our expert team to start planning your event at Glasgow's World Class Museums.
