

Screen mirroring with a Chromecast: Phone, tablet or laptop device

Connecting a Chromecast to your TV lets you display your phone or tablet's screen on the TV screen.

How to cast with a phone or tablet:

Step 1: Make sure your Chromecast and phone or tablet device are on the same WIFI network.

Step 2: Open the Chromecast app on your phone or tablet device.

Step 3: Select Cast Screen and then select Cast Screen again on the next screen.

Step 4: Next, select the Chromecast you want to connect with and your device's screen will now be mirrored to the TV.

How to cast with a laptop:

Step 1: You will need to have a free Google Chrome browser installed on your laptop for this to work.

Step 2: Open the Chrome browser and click the three dot icon in the top right hand corner.

Step 3: Select Cast... from the dropdown menu.

Step 4: A separate box will pop up and start searching for your Chromecast. While it's searching click the Cast to dropdown menu and select Cast tab to display your current Chrome tab or Cast desktop to mirror your laptop screen on your TV.

Step 5: Click the Chromecast you want to connect and you'll see your laptop screen mirrored to the TV.
